

Online Textbooks and Resources

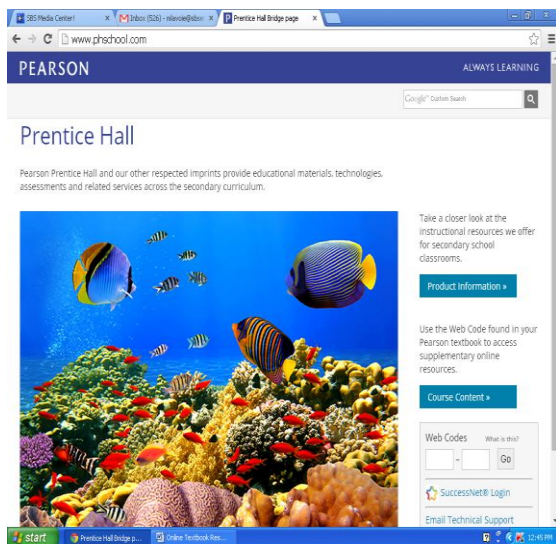

St. Bernard School

Grades 7-8

Our Junior High World Geography and Algebra/Pre-Algebra textbooks are provided online, as well as in book form. You can access these books at home (www.pearsonsuccessnet.com) using your Pearson SuccessNet login. The entire textbook is available online, with extra links, video instruction, and help features to assist students in their study of these subjects. Slightly newer versions of our Science and American History textbooks are also available; although the chapter numbers may not match exactly, the basic content is there for homework/studying/resource purposes.

In addition, a variety of resources are available on the PHschool website (www.phschool.com.) Pearson Prentice Hall has made the following online activities, games, practice quizzes/tests, and other resources available to support their textbook curriculum; just use the web codes below to access them. Please take some time to enjoy these activities and enhance your classroom learning!

* Sites support newer versions of textbooks -contain the same information but chapter numbers may differ

** These sites also contain "Teach Me Again" videos that review/re-teach each lesson for students!

Another invaluable resource is the Christ Our Life website, which provides chapter reviews, study guides, unit reviews, and games to support our religion curriculum. Although this is a great tool in the younger grades as well, it's an amazing asset to our Junior High students - especially as they are preparing for midterm and final exams. Check it out! Succeed at "Stump the Shepherd" and you'll ace your tests@!

Interactive chapter reviews are terrific practice for chapter tests.

Stump the Shepherd is also a fabulous review for midterm and final exams!
