## Hello March!

The children have really enjoyed our unit on TRANSPORTATION. They love knowing what big words mean. We celebrated the 100th day of school and Valentine's Day! The children had fun celebrating both of those special days!

This month we will start preparing for our Family Night. Our Family Night will be May 1, 2024. We will be completing many artist studies and attempt to recreate art like these artist or in the style of the artist. The children will be exposed to many different artists and styles of art. It is a very exciting unit!

***Have you thought about kindergarten! St Bernard's School is currently enrolling for the 2024-2025 school year. If you would like to set a tour please call St. Bernard School directly at (860) 745-5275. They have so much to offer!***

Long before I was hired here, my son attended Little Angels and and both him and my daughter graduated from St Bernard School. If you would like to hear about my experience feel free to reach out. It is a great program. I love the community feel and both of my children received a wonderful education. That foundation helped them be the students they are today. This spring my daughter will graduate college and my son will graduate high school and is excited to start college in the Fall!

This week we will be focusing on Easter. The children will create and print Mondrian inspired Easter eggs. The children will help place tape on their Easter egg and then paint different sections with paint. The children will create a beautiful sunrise with paint and create a beautiful Easter picture.

## Parent Corner

Easter is right around the corner. We find the children have a lot of questions about this holiday and because of the sensitive nature of this holiday we thought it would be a great time to share someways to talk to your preschooler about the holiday.
