Graduation for PreK4 & Early Dismissal

Reminders:

Sneakers are a required part of our school uniform and your child should have them each school day. If they wear boots to school please pack sneakers for them to change into. Everyone needs to have a coat. Even though spring starts this month it is still cold outside so coats and hats are still needed!

Spring is finally just around the corner!

Oh how we all are ready for spring and hopefully some outdoor time! We will continue to work hard on the last few letters of the alphabet, writing our names and numbers. We'll be creatively crafting many more art projects to be showcased on Family Night, Wednesday, April 8th. The whole family is invited. Stay tuned for more information.

If you haven't already done so please sign and return your child's progress report.

Little Angels is enrolling for the 2026-2027 school year. If you know anyone looking for preschool please tell them about us. Private tours are being scheduled so please have them call or email Ms. Leesa!

St. Bernard School is currently enrolling for the 2026-2027 school year. Little Angels' graduates receive a \$1,000 credit their first year!

If you would like to set up a tour or ask some questions please call them at (860) 745-5275.

Teacher: Mrs. Yiznitsky

Paraprofessional: Mrs. Marshall

What we're working on in March:

This month our continents will be Asia and Oceania. We will discuss how the weather affects all habitats.

March 2-6

Religion: God Gives us Life/Birthdays

Letter: Tt

Clifford: Home Sweet Home

Time to Travel to Asia. We'll be paper crafting Tigers from India and Pandas from China.

March 9-13

Religion: God Made Fish

Letter: Uu

Our Habitat unit takes us down Under with Australian kangaroos, and Under the Sea in the surrounding continent of Oceania. We will have gooey fun finger painting an ocean scene. We will introduce simple math with an imaginary goldfish cracker fishing trip.

March 16-20

Religion: God Made Color

Clifford: It Sounds Like Spring!

Letter: Vv

A new View, our climate is once again changing and so will our seasonal bulletin board. Punching, pasting, coloring, cutting, and painting it into Spring. We will learn the weather sequence needed for a rainbow to appear, and use a prism to reflect them through the window, if sunny.

March 23-27

Religion: God Made Air

Letter: Ww

What is Waiting for us to Work on this Week in God's Wide World? Coloring costumes and flags from countries all around the World. I Wonder if it will be Windy?

★ March Shining Stars ★

March 5 - Reagan

March 19 - Raymond

March 6 - Vanessa

March 20 - Lacey

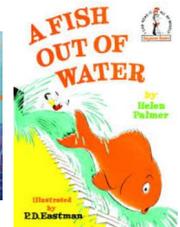

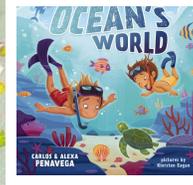

March 9 - Gwen

March 26 - Luca

March 12 - Lucy

The Reading Corner

Just some of the books we might be reading this month relating to our themes. We will also for sure be reading some Dr. Seuss favorites for "Read Across America" week. Reading is an important and regular part of our morning routine. We dearly encourage you to make it a daily part of yours.

Parent Corner

Please stay off the snow & ice! Our sidewalks should be used at all times. We can not stress this enough. As the snow melts it will be very wet and muddy and we don't want to track that into our school or want your child to have wet feet all day.

Our doors open at 8:50 am so the children may come in and unpack and start their school day. The closer your child can arrive on time helps them and our morning schedule. We understand some mornings are harder than others but appreciate the effort.
